

NO RINSING WITH FOAM

Let's Talk FOAM

Our Fresh Foam equipment immediately gives your property

"IN HOUSE CONTROL"

for Cleaning and Deodorizing Trash Chutes, Compactors,
Dumpsters, Drains, Floors and more.

Fresh FOAM saves you money! Why?

- It's a cost, material and labor saving way to clean.
- No Need to Rinse with FOAM.
Less Water = Less Mess = Reduced Labor = **Money Saved.**
- Our high concentrate Trash Foam goes 10 x as far as ordinary products.
Less Product = **Money Saved**
- Trash FOAM eliminates the need for multiple cleaning supplies using our friendly, biological, **NO Rinse Foam Cleaner.**
- FOAM allows for a **SAVINGS** opportunity to eliminate traditional annual chute cleaning expenses.

What else is there to know about Fresh FOAM?

- Using Trash FOAM as a **Preventative Maintenance Tool** results in control of waste buildup in those hard to control areas.
- Regular Trash FOAM applications eliminate odors and toxic waste in and around all trash and common areas and help to reduce the chances of infestation which produces undesirable bacteria, and viruses. This will lead to **Improved Resident Satisfaction** with the reduction of complaints in regards to odors and cleanliness.
- **Property Enhancement** - Adding Fresh FOAM equipment to your inventory is an immediate site improvement, the only product on the market specifically designed to put control in the hands of the property. Allow your staff to be "**Proactive**" instead of "**Reactive**" AND **Get Fresh FOAM TODAY.**

**Under certain circumstances, the Fresh Foam Cart, may be approved as a reserve-eligible item for those management companies/owners that require agency approval for the purchase.
